# Vegaflex 61 Level Transmitter

Instrowest was established in 2006 to provide quality instrument and electrical contracting services to the mining and mineral processing industries, with a strong focus upon safety. Instrowest can provide a comprehensive installation, maintenance, calibration, and repair service to all sites within Western Australia. Instrowest can also help in solving any instrument or control related problem that you may be facing.

At Instrowest we are committed to providing reliable, high quality sales and service while maintaining respect, integrity and trust to our clients and those within our organisation. We aim to provide this service by understanding our client's needs, wants and constraints while finding a solution that is fit for purpose.

At Instrowest we will always maintain an innovative approach that sets us apart from others; if a traditional method is not suitable or ineffective, we will endeavour to find an alternative or innovative approach to achieve our client's goals.

### Description

Vegaflex 61 Guided Microwave Level Transmitter.  
 Ideal for solids and liquid applications.

- Hart Protocol
- 24V DC loop powered
- Solid Stainless Steel Construction
- 20mm Conduit Threads
- Previously used by Instrowest.
- Excellent condition.
- As new.
- Comes with all instruction manuals.

### Product Details

Product Details	
Manufacturer	Vega
Part Number	FX61.XXCGC1HVMXX
Instrument Type	Guided Microwave Level Transmitter
Range	0 – 32 Meters (Cable required)
Local Indication	No
Power Supply	24 V DC Loop Powered (2 Wire)
Output	4-20 mA
Input	
Mounting	1 Inch NPT Thread
Enclosure Material	316 Stainless Steel
Accessories	Comes with 1 Meter Long 6mm Rod
Condition	Used, Excellent Condition, As New
Warranty	3 months, conditions apply

**Price: \$1650 + GST**
